INFORMATION RE

On 11/6/61, an individual by the name of [redacted] telephoned the NYO and spoke to the writer. He identified himself as a former clerk in the NYO and presently an attorney at 62-55 Woodhaven Boulevard, Rego Park, Queens. He explained that he was calling in the name of the Rego Park Kiwanis Club, and was considering the possibility of asking JOHN LAUTNER to speak at a forthcoming Kiwanis function. He further explained that before contacting LAUTNER he felt it would be wise to contact the FBI for the purpose of determining whether there would be any reason why LAUTNER should not be invited to speak. He explained further that certain members of the Kiwanis Club would probably want to know whether LAUTNER might still be a Communist.

[redacted] was advised by the writer that the FBI could not endorse LAUTNER as a speaker for his group. It was further explained to him that the FBI was not authorized to officially sanction or to give any type of clearance in a matter of this nature. The writer did disclose however that it was public knowledge that LAUTNER had appeared as a witness for the Government in numerous Smith Act trials throughout the country.

SUBJECT: JOHN LAUTNER
INFORMATION CONCERNING

On 11/7/61, JOHN LAUTNER was contacted by the writer in connection with a Bureau loyalty investigation. At the time of this contact LAUTNER advised that his personally owned automobile had been stolen and that he thought he would take this opportunity to advise the FBI just in the event there might be something that they could do for him. The writer advised LAUTNER that since there was no evidence that the vehicle had been taken across State lines there would be no Federal violation involved and therefore the FBI could not initiate any investigation. It was suggested that LAUTNER should immediately contact his local Police Precinct and to furnish the necessary details to them.

Upon the writer's return to the NYO he contacted Supervisor [redacted] Section 21, and furnished him with a brief description of the stolen vehicle. The writer also contacted the radio room and advised Miss [redacted] of the theft of the vehicle and also gave her a brief description and license plate number of the car.

On 12/4/61, JOHN LAUTNER contacted the writer by phone and asked whether he would be able to obtain any further advice from this Office in connection with his efforts to locate his missing automobile. LAUTNER was again advised that he would have to rely on the NYCPD since there was no Federal violation involved.

During this conversation with LAUTNER the writer asked him whether he was still sharing his apartment at [REDACTED]. LAUTNER replied that he had gotten rid of that "bum" last July. SOURCE OF INFORMATION

On 10/14/64, JOHN LAUTNER, former CSNY 588, contacted SA JOHN E. GORDON and advised that he had been contacted by [redacted] for the U.S. Treasury Department, who asked whether he would assist the Internal Revenue Service in connection with the preparation of their tax case against the CP, USA. LAUTNER stated that he agreed and indicated that he will prepare material which will cover a description of all activities of the CP, USA. He pointed out that this assignment will last for about ten days and that he will receive \$50.00 per day for his services. He also indicated that he will probably be used later as an expert witness whenever the trial should be scheduled.

LAUTNER further advised that he was also contacted on 10/14/64, by [redacted] of Allied Artists, and asked to testify in the case involving the "Hollywood writers" who are suing the motion picture companies for triple damages as a result of the boycott against them years ago. He further advised that he was also recently contacted by MYLES LANE, former U.S. Attorney in the SDNY, and that he also asked LAUTNER to testify in connection with this same litigation. LAUTNER explained that LANE is apparently representing a separate group of motion picture companies.

JOHN LAUTNER continues to reside at 338 91st St., Brooklyn 9, New York. He has indicated that there is no new information to report in relation to the book that he has been writing for several years. He believes the manuscript should have been published years ago and since he does not believe it would be successful at this time, he is "just sitting on it". He continues to write however, and has contributed articles to the "Tablet", the HCUA, various church publications and the American Legion magazine. From time to time he appears on various panels as a speaker and has lectured at Yale University and, more recently, Vanderbilt and Notre Dame Universities.

ReNYlet to Bureau, 4/18/60.

INS Investigator [redacted] advised on 6/27 and 7/1/60, that the denaturalization case on MATLES has not yet been referred by INS to the US Attorney. By letter dated 5/26/60, INS, NYC, very briefly summarized the substance of the testimony in the original denaturalization suit against MATLES of ORAZIO RAYMOND CARLUCCI, JOSEPH ZACK KORNFEIDER, [redacted] and [redacted]. The INS letter also advised that when interviewed by INS on 12/9/59, JOHN LAUTNER stated that during the year 1931, MATLES was District Organizational Secretary of the CP in the NY area and that during the same year LAUTNER met MATLES at closed CP meetings.

INS advised that they contemplate using the aforementioned individuals as Government witnesses in the denaturalization trial of subject, and asked to be advised whether their testimony concerning the subject's CP activity is consistent with information furnished by these individuals to the FBI.

The INS resume of the testimony of CARLUCCI, KORNFEDER, [] and [] is considered too brief to permit any comprehensive comparison with the information concerning MATLES' CP activity furnished to the FBI by these individuals. Furthermore, from the trial transcript page numbers set out by INS in their letter, it appears that the redirect testimony of KORNFEDER was not considered in preparation of the INS resume. These facts were brought to the attention of INS Investigator [] on 7/1/60, at which time it was suggested that inasmuch as INS has been furnished with all (IS-C) reports on MATLES, INS could compare the previous testimony of the witnesses with the information these individuals have furnished to the FBI, after the NYO advised where the information furnished by the witnesses is located in FBI reports. [] indicated that this would be a satisfactory solution.

Accordingly, the NYO contemplates advising INS, NYC, that the substance of all information concerning the CP activity of MATLES furnished to the FBI by the potential witnesses named in the INS letter of 5/26/60, is located as follows:

LAUTNER further advised that on 7/30/60, he moved to a new address, Apartment 21, 125 Riverside Drive, NYC. He explained that the lease on his previous residence was about to expire and since he was dissatisfied with the noisy Puerto Rican element nearby he decided to move. He also indicated that he would share this new apartment with [redacted]

SOURCE OF INFORMATION

On 6/29/65, JOHN LAUTNER contacted the NYO and advised that he had observed a notice in the business section of the "New York Times", the Sunday edition of 6/13/65. According to LAUTNER the notice in question was evidently inserted for the purpose of soliciting or hiring persons for intelligence work. He explained that he assumed this ad was placed by the Central Intelligence Agency and it called for applications to be mailed to: "Careers in US Intelligence, P.O. Box 128, Montello Station, Brockton, Mass."

LAUTNER disclosed that he answered this advertisement and mailed an application to the aforementioned address. LAUTNER further advised that he felt that he should make this fact known to the FBI.

The Bureau is accordingly being advised and no action is being contemplated by the NYO.

FEDERAL BUREAU OF INVESTIGATION

Date 10/15/65

JOHN LAUTNER, 338 91st Street, Brooklyn, New York, advised that MARTELL was a member of the Building Trades Section of the Communist Party (CP) from 1946 to some time in 1947. LAUTNER indicated that he himself was head to the Building Trades Section in 1946 and part of 1947 and personally knew MARTELL to be a member of this CP section although he recalled that MARTELL was a restaurant worker at the time. LAUTNER also stated that he had seen MARTELL on many occasions at County CP Headquarters at 35 East 12th Street in New York City, and when LAUTNER was attempting to organize the Building Trades Section, MARTELL recruited several "sand hogs" for him.

ReBulet, 9/15/65.

Enclosed for the Bureau are two copies of FD-302 dated 10/15/65, which sets forth pertinent portions of an interview with JOHN LAUTNER conducted 10/7/65 by SA JOHN E. GORDON. The interview is not set out in its entirety but lists only that specific information to which LAUTNER is in a position to testify.

Enclosed for the San Diego Office are seven copies of the above described FD-302.

The original FD-302 is being retained in the case file of the captioned individual in the NYO.

On 10/7/65, JOHN LAUTNER was contacted by the writer for the purpose of determining his present recollection of the subject's connection with the CP. LAUTNER indicated that he, LAUTNER, was head of the Building Trades Section of the CP from 1946 until sometime in 1947 when he was transferred from the Building Trades Section to the Security Section. During this period he recalled having been acquainted with MARTELL and stated that he was definitely a member of the Building Trades Section of the CP although he believed MARTELL to have been a restaurant worker at the time. He stated that MARTELL was always in and about the County CP office about that time and when

LAUTNER was first organizing the Building Trades Section, MARTELL brought in several "sand hogs" for recruitment. LAUTNER stated he never saw MARTELL after 1947, has no knowledge of his activities subsequent to that period, and can not state that MARTELL was a CP member until 1950 when LAUTNER was expelled from the party.

Although LAUTNER recalls that MARTELL had resided on the west side of New York in the seventies, he has no recollection of ever having visited the subject's apartment. He stated that he did recall one occasion when MARTELL came to LAUTNER and was some-what upset because some woman had evidently ransacked his apartment. MARTELL told LAUTNER that he was worried about the incident because his apartment contained much CP literature.

LAUTNER indicated he has no recollection of ever having personally seen MARTELL at May Day parades or at a Foley Square demonstration in 1949. He suggested however that he may have seen the subject in various photographs of such demonstrations and subsequent statements by LAUTNER could possibly have been misconstrued as if to indicate that he had actually seen MARTELL in person on occasions after 1947.

LAUTNER described MARTELL as an "odd ball", a "smart aleck" and a highly nervous individual. His activities, according to LAUTNER, did cause some people to suggest he could have been a "plant". He was stockily built, about 5'6" or 5'7" with blue eyes.

SOURCE OF INFORMATION

In a contact with JOHN LAUTNER on 2/6/67, it was learned that MIKLOS KALLAY, the former Prime Minister of Hungary, had recently passed away in New York City. KALLAY, who was related to LAUTNER by marriage, is the subject of Bufile 105-43212.

LAUTNER also noted that his brother had also died this past weekend in Youngstown, Ohio. LAUTNER indicated that his brother had been suffering from cancer.

LAUTNER further disclosed that he had visited Senator THOMAS DODD in Stratford, Connecticut, this past weekend. He explained that a mutual friend had suggested to Senator DODD that LAUTNER might possibly be of assistance to him in connection with a book that DODD intends to write dealing with his past experiences. LAUTNER stated that no decision was reached regarding his possible services, which would be restricted to preparing an outline. LAUTNER expressed the opinion that such a book is merely in the discussion stage and that no definite plans have been formulated.

LAUTNER now resides at 211 Morrison Walk, Island Park, New York, and his unlisted phone number is 516-889-8154. He continues to be unemployed and his income, believed to be meager, is probably derived from free-lance writing, lectures, and Social Security payments.

The above is furnished for information purposes.

REVIEW OF FBIHQ FILE

A review of FBIHQ file 100-16177 disclosed that John Lautner joined the Communist Party (CP) USA in 1929, and remained in the party until his expulsion in January 1950. During his tenure in the CPUSA, Lautner achieved functionary status, rising to the position of Chairman of the New York State Review Commission and membership on the National Review Commission, CPUSA, in charge of security. He was expelled from the CPUSA because of the party's suspicion that he was an FBI informant. This suspicion was generated by the fact that Lautner defended one Angela Calomiris, a party member who was suspected of being an FBI informant. Although Lautner successfully defended her and she retained her party membership, she subsequently surfaced as an FBI informant and Government witness. After his expulsion from the CPUSA, Lautner wrote to the FBI and offered to assist the Bureau in any way possible in its investigation of the CPUSA. Lautner never furnished any information to the Bureau during the time he was a CPUSA member nor were any overtures made to him by the FBI during the time he was party member.

In early 1951, Lautner began functioning as a consultant to the Internal Security Division of the Department of Justice (DOJ) and between 1952 and 1959 he appeared as an expert witness for the Government at 20 Smith Act trials. (100-16177-171)

In July 1952, while testifying in a Smith Act trial in New York, Lautner testified on direct examination that he first got in touch with the FBI by sending a letter to the FBI. (100-16177-NR dated 7/1/52; 100-16177-101)

In December 1954, Lautner testified in public session before the Senate Internal Security Sub-Committee concerning communist activities. He testified that he had been employed for three years by the DOJ and had testified as an expert witness in nine trials which involved CP leaders. (100-16177-NR dated 12/13/54)

In February 1959, during his testimony at a Smith Act re-trial in Denver, Colorado, defense counsel requested that the court conduct an in-camera examination of Government witness John Lautner, to question him about conferences he held with FBI Agents to determine whether any of the material would be Jencks Act material. (100-16177-NR dated 2/16/59)

In February 1959, J. Edgar Hoover furnished John Lautner a letter advising that Hoover had followed his testimony with considerable interest and that he was grateful for Lautner's cooperation in matters of mutual interest. (100-16177-173)

In Mr. Hoover's book, "Masters of Deceit", at pages 174-175, Lautner is described as a CP member for more than twenty years who, after being exposed to indignities by his fellow communists, was expelled from the party and shortly thereafter came to the FBI with his story. (100-16177-183)

Lautner's status as an informant was described in a news article which appeared in the Washington Post on 1/23/52. (100-16177-A-NR dated 3/22/52) In a newspaper article which appeared in the New York Compass on 6/12/52, Lautner was quoted as testifying that "I gave the FBI my unqualified cooperation." (100-16177-A-NR dated 6/26/52)

In a newspaper article which appeared in the New York Compass on 7/2/52, cross-examination of Lautner during a Smith Act trial is reported. Included is an admission by Lautner that he furnished information to the FBI following his expulsion from the CP. (100-16177-A-NR dated 7/21/52)
